EDUCATION

NMIMS UNIVERSITY — MPSTME Mumbai, India
B.Tech in Data Science Expected 2028

- Cumulative GPA: 3.97/4.00
- Relevant Coursework: Statistical Structures in Data and Inference, Python Programming, Databases and SQL

ST. XAVIER'S COLLEGE, MUMBAI Mumbai, India
FYJC (Class XI), Science - 84% 2022

RESEARCH & PUBLICATION

DOCUMENT SECRET SHARING WITH SHA-256 BASED SHARE AUTHENTICATION 6 months
Undergraduate Researcher | Faculty-guided project | Python, SHA-256, Tkinter | Team of 3

- Built a document secret-sharing system pairing configurable (k,n) threshold sharing with SHA-256 share authentication
- Led most of the implementation; hit 100% reconstruction accuracy with under 6% share-size overhead and sub-5s runs
- Published in *Grenze International Journal of Engineering and Technology* (Scopus-indexed, Jan 2026); presented at the Hinweis 4th International Conference, ASIT

PROJECTS

INDIA'S CPI INFLATION STUDY Statistics Project
Python, Pandas, Streamlit | Team of 3 | https://cpi-ssdi-dashboard-lyga2fzuab3vlqsecfbrbq.streamlit.app/

- Owned collection and cleaning of 91,558 rows of Government of India (MoSPI) CPI data; deployed a Streamlit dashboard
- Applied t-tests, Z-tests, one-way and two-way ANOVA with Tukey HSD post-hoc testing to analyse inflation trends
- Built OLS, Ridge and Lasso regression models with cross-validation to generate 2026 CPI projections

2019 LOK SABHA ELECTION DATA SYSTEM DBMS Project
FastAPI, Python, Pandas, SQL, JavaScript | Team of 3, led build | election-data-system-k08i.onrender.com

- Built an authenticated election dashboard over certified Election Commission of India results and ADR affidavit data
- Surfaced party-wise seats and vote share, state turnout, closest and safest seats by margin, and constituency search
- Added transparency analytics on women's representation, declared criminal cases, education and assets by party

ECHOESTATE — MULTILINGUAL REAL-ESTATE GUIDANCE PLATFORM 12-hour Hackathon
HTML, CSS, JavaScript, PHP, XAMPP, Leaflet Maps, Gemini API | Team of 3

- Built the frontend, Leaflet Maps property visualisation, JavaScript logic and PHP/XAMPP backend for login and profiles
- Integrated the Gemini API for conversation translation, summarisation and insight extraction, plus a chatbot

LEADERSHIP & ACTIVITIES

DATA MAVERICKS — DATA SCIENCE COMMITTEE, MPSTME Mumbai, India
Tech President

IETE STUDENT FORUM, MPSTME Mumbai, India
Sub-Head, Tech & Informals; previously Executive, Research & Development 2 years

STUDENT COUNCIL AND FESTS, MPSTME
Head of In-house Creatives, Taqneeq (MPSTME's Official TechFest); Executive, Student Council Social Impact Committee; Sub-head of In-house Creatives, Social Conclave

ADDITIONAL

Technical Skills: Python, SQL, Pandas, NumPy; Power BI, Tableau, Excel; Streamlit, FastAPI, Flask; JavaScript, HTML/CSS; Git/GitHub; APIs
Statistics: Hypothesis testing (t-test, Z-test, ANOVA, Tukey HSD), regression (OLS/Ridge/Lasso), cross-validation, EDA
Hackathons: Cyber Cypher (final round); Smart India Hackathon (round 1); Build & Grow AI; India Innovates 2026
